PRODUCT

WFPCO

Combination Smoke and Carbon Monoxide Alarm ideal for use in the

KITCHEN

DESCRIPTION

Offers detection of both smoke and carbon monoxide in a single alarm. Its sensors interact to distinguish between non-harmful cooking fumes or steam and real fires, therefore reducing nuisance alarms and making this alarm ideal for the kitchen.

KEY FEATURES

- **Intelligent multi-technologies alarm** - for combined protection and fewer nuisance alarms
- **Fewer nuisance alarms** - compared to standard smoke alarms placed in or near kitchens
- **Sealed-in 10-year lithium battery** - lasts the full life of the alarm and never needs replacing
- **Alarm memory** - rapid flashing LED alerts you if the alarm has sounded since it was last tested or re-set
- **Hush Button Feature** - allows you to quickly silence nuisance alarms
- **Test button and LED** - allows simple verification of continual battery and alarm operation
- **End of Life Warning** - chirps when the alarm has reached end of life and needs replacing
- **Optical Sensor Technology**
- **Loud 85 decibel alarm**
- **Single screw mounting bracket** - quicker and easier to install
- **10-year manufacturer's guarantee**

WHERE TO USE

This alarm is ideal for use in Kitchens
