

## HOW IT WORKS

### STEP 1

Employees punch in or out from a uAttend time clock and/or website or smartphone.

### STEP 2

Managers login to website to view hours, run reports, make changes and manage system.

### STEP 3

All data is available to export to your payroll company or to run internal payroll.

## uAttend Dashboard

The uAttend Employee Management System combines Internet ready devices with powerful web-based software in order to give you the flexibility and accuracy you need to manage your employee's time and attendance.

The system includes:

- Unlimited Departments – Separate and segment employees any way you like!
- Overtime – Weekly, Daily, and 7th Day Options
- Revision Zones – Eliminate employees clocking in early and out late to earn OT
- Lock Out Zones – Eliminate punches when you don't want them
- Who's In Board – See your work force status in real time!
- Punch Notifications – Get emails any time any employee punches
- Accruals – Track vacation, sick, and other accruals
- Punch Rounding – Select from several options
- Automatic Lunch Deductions – Customizable for your requirements

## Mobile App

uAttend provides system users with free iPhone, iPad, and Android smartphone apps for employees, supervisors and administrators. The apps put these great features at your fingertips 24/7:

- Employees - Punch in or out from any location (with geo-location tagging) or only authorized locations.
- Employees - View their timecard 24/7.
- Employees - Add notes to any punches.
- Supervisors & Administrators - Do a "group punch" (punching multiple employees in and out with one click)
- Supervisors & Administrators - View and / or edit an employee's timecard.
- Supervisors & Administrators - Check the "Who's In" board, to see, in real-time, who is currently clocked in and out.
- Administrators - Run a summary report and export data for payroll.

In addition to clocking in terminals employees can clock in using:

- Phone and smartphone clocking in: Using PIN numbers and geolocation gives greater flexibility if you have staff out on customer premises, on construction sites, etc. The free iPhone and Android apps are available to download.
- Self-service web clocking in: Using a PC, Mac or tablet, employees can clock in remotely

(These options are set up and managed through your online uAttend account).

Managers and supervisors can log in to uAttend on the move via tablet and smartphone to see who's in, view and approve timecards, holiday requests and other absence.
