

Assembly Instructions

Please take care when unwrapping the crystal chain sets

Attach 'A' chain to top frame, 6 rulers per chain, 12 rulers = 1 metre

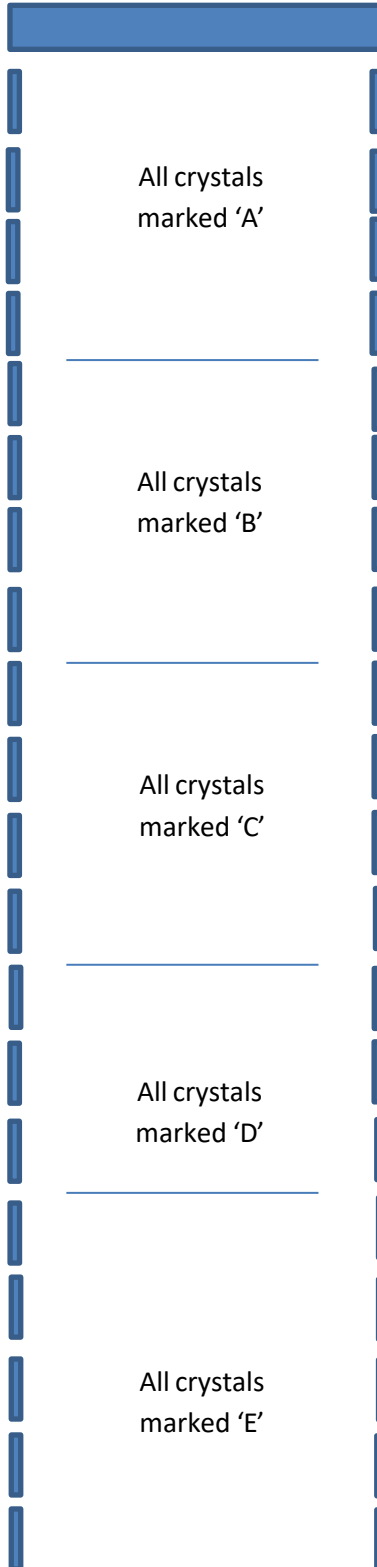

Attach 'B' chain to 'A' chain. Ensure the clip is connected to the crystal correctly

Attach 'C' chain to 'B' chain. Ensure the clip is connected to the crystal correctly

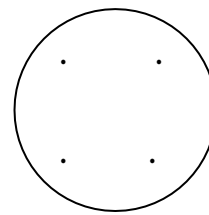

Attach 'D' chain to 'C' chain. Ensure the clip is connected to the crystal correctly

Attach 'E' chain to 'D' chain. Ensure the clip is connected to the crystal correctly

On longer lengths 'F', 'G', 'H' etc will apply as above

← CEILING PLATE (round or square) to be fitted flush on ceiling

← FIXING HOLES to fit frame to ceiling

- Ensure the frame is fixed flush to a wooden joist or use a suitable fixing to the ceiling which will support the full weight of the fitting

When fitting the crystal to the chandelier, ensure:

- when connecting the crystal chains together, that the clips are properly inserted and hanging correctly.
- to always connect the chains in alphabetical order around the main frame
- do not mix different letters of the crystal chain sets around the frame
