Charging

Birdfy Cam 2
(DC5V / 1A)

Birdfy Cam 2 Pro
(DC5V / 1.5A)

Fully charge the camera before use

The camera does not come fully charged due to safety regulations. Before using it for the first time, please charge it for 10 hours with the charging cable inside the box.

Laden Sie die Kamera vor der Verwendung vollständig auf

Die Kamera wird aus Sicherheitsgründen nicht vollständig aufgeladen geliefert. Bitte laden Sie sie vor der ersten Verwendung 10 Stunden lang mit dem im Lieferumfang enthaltenen Ladekabel auf.

Ricaricare completamente la telecamera prima dell'uso

La telecamera non viene fornita completamente carica a causa delle normative di sicurezza. Prima di utilizzarla per la prima volta, si prega di caricarla per 10 ore utilizzando il cavo di ricarica incluso nella confezione.

Birdfy Cam 2 & Birdfy Cam 2 Pro

Description Beschreibung Descrizione	Status Light Statusleuchte Luce di stato
Charging Laden In carica	Solid red Dauerhaft rot Rosso fisso
Fully charged Vollständig geladen Completamente carico	Off Aus Spento
Working Betrieb In funzione	Solid blue Dauerhaft blau Blu fisso
Wi-Fi Config Mode Wi-Fi-Konfigurationsmodus Modalità di configurazione Wi-Fi	Flashing blue Blinkendes Blau Blu lampeggiante

When charging, both the ambient temperature and camera temperature should be above 32°F (0°C).

If the camera has been exposed to low temperatures for an extended period, it should be brought back to room temperature before charging.

Beim Laden sollten sowohl die Umgebungstemperatur als auch die Kamertemperatur über 32°F (0°C) liegen. Wenn die Kamera über einen längeren Zeitraum niedrigen Temperaturen ausgesetzt war, sollte sie vor dem Laden auf Raumtemperatur gebracht werden.

Durante la ricarica, sia la temperatura ambiente che la temperatura della telecamera devono essere superiori a 32°F (0°C). Se la telecamera è stata esposta a basse temperature per un periodo prolungato, deve essere riportata alla temperatura ambiente prima della ricarica.

Assembly

1. Push the front part of the perch into the feeder.

1. Drücken Sie den vorderen Teil der Sitzstange in den Futterautomaten.

1. Inserisci la parte anteriore del posatoio nel distributore.

2. Insert both ends into the holes.

2. Führen Sie beide Enden in die Löcher ein.

2. Inserisci entrambe le estremità nei fori.

3. Install the front camera with the provided screw.

3. Installieren Sie die Frontkamera mit der mitgelieferten Schraube.

3. Installa la telecamera anteriore con la vite fornita.

4. Install the camera bracket and the side camera with the provided screws.

4. Installieren Sie die Kamerahalterung und die Seitenkamera mit den mitgelieferten Schrauben.

4. Installa la staffa per telecamera e la telecamera laterale con le viti fornite.

***If your package does not include a second camera, skip step 4.**

***Wenn Ihr Paket keine zweite Kamera enthält, überspringen Sie Schritt 4.**

***Se il tuo pacchetto non include una seconda telecamera, salta il passo 4.**

Bird Identification

If you have the Birdfy Feeder 2 with Lifetime Free AI, the AI bird identification feature is included and activated automatically, no further action needed.

If you have the Birdfy Feeder 2 with AI by Subscription, you need to subscribe on **my.birdfy.com** to access this feature.

Vogelidentifizierung

Wenn Sie den Birdfy Feeder 2 mit lebenslang kostenloser KI haben, ist die KI-Vogelidentifizierungsfunktion bereits enthalten und wird automatisch aktiviert. Es sind keine weiteren Schritte erforderlich.

Wenn Sie den Birdfy Feeder 2 mit KI durch Abonnement haben, müssen Sie sich auf **my.birdfy.com** anmelden, um auf diese Funktion zugreifen zu können.

Identificazione degli uccelli

Se possiedi il Birdfy Feeder 2 con AI gratuita a vita, la funzione di identificazione degli uccelli tramite intelligenza artificiale è inclusa e attivata automaticamente, non sono necessarie ulteriori azioni.

Se possiedi il Birdfy Feeder 2 con AI tramite abbonamento, è necessario abbonarsi su **my.birdfy.com** per accedere a questa funzione.

Outdoor Installation

A

Wall-mounted
Wandmontage
Montaggio a parete

B

Tree-mounted
Montage an einem Baum
Montaggio su albero

C

Pole-mounted
Montage an einem Pfosten
Montaggio su palo

A. Wall-mounted

1. Use the drill template and an electric drill (15/64", 6mm) to drill two holes.

1. Verwenden Sie die Bohrschablone und einen elektrischen Bohrer (15/64", 6 mm), um zwei Löcher zu bohren.

1. Utilizza il modello di perforazione e un trapano elettrico (15/64", 6 mm) per fare due fori.

2. Drive the provided plastic anchors into the holes. Skip this step if you are mounting on wood. Next, fasten the hanging bracket on the wall using the screws.

2. Setzen Sie die mitgelieferten Kunststoffdübel in die Löcher ein. Überspringen Sie diesen Schritt, wenn Sie an Holz montieren. Befestigen Sie anschließend die Aufhängehalterung mit den Schrauben an der Wand.

2. Inserisci i tasselli in plastica forniti nei fori. Salta questo passaggio se stai montando su legno. Successivamente, fissa il supporto di sospensione al muro utilizzando le viti.

Anchors
Dübel
Tasselli

Wall mounting screws
Wandschrauben
Viti di montaggio a parete

3. Hang the feeder on the wall.

3. Hängen Sie den Futterspender an den Pfosten.

3. Appendi il distributore di cibo all'asta.

B. Tree-mounted

1. Strap the hanging bracket to the tree, then hang the feeder on the tree.

1. Befestigen Sie die Aufhängehalterung am Baum und hängen Sie den Futterspender am Baum auf.

1. Fissa il supporto appendibile all'albero, quindi appendi il distributore di cibo all'albero.

C. Pole-mounted

1. Attach the hanging bracket to the pole with the hose clips.
1. Befestigen Sie die Aufhängehalterung mit den Schlauchklemmen am Pfosten.
1. Fissa la staffa di sospensione al palo con le clip pertubo.

2. Hang the feeder on the pole.
2. Hänge den Futterautomaten am Pfosten auf.
2. Appendi l'alimentatore al palo.

Solar Panel

Connect the solar panel to the camera.

*If you have Birdfy Feeder 2 Duo, use the Y branch connector to connect to both cameras.

*Please note that if you have purchased the no-solar bundle, the package will not include a solar panel.

Verbinde das Solarpanel mit der Kamera.

*Wenn du den Birdfy Feeder 2 Duo hast, verwende den Y-Steckverbinder, um es mit beiden Kameras zu verbinden.

*Bitte beachten Sie, dass bei einem Kauf des "no-solar" Bundles das Paket keinen Solarmodul enthält.

Collega il pannello solare alla telecamera.

*Se hai il Birdfy Feeder 2 Duo, utilizza il connettore a Y per collegarlo ad entrambe le telecamere.

*Si prega di notare che se hai acquistato il bundle senza pannello solare, il pacchetto non includerà un pannello solare.

Adding Birdseed

1. Open up the roof.

1. Öffne das Dach.

1. Apri il tetto.

2. Fill the feeder with birdseed.

2. Fülle den Futterspender mit Vogelfutter.

2. Riempire l'alimentatore con semi per uccelli.

Cleaning and Maintenance

1. Remove the cameras.

1. Entfernen Sie die Kameras.

1. Rimuovi le telecamere.

2. Take off the seed guard.

2. Nehmen Sie den Samenschutz ab.

2. Togli la protezione per i semi.

3. Open the roof up to 80° and detach it.
3. Öffnen Sie das Dach bis zu 80° und lösen Sie es ab.
3. Apri il tetto fino a 80° e staccalo.

4. Pull the inner roof out.
4. Ziehen Sie das innere Dach heraus.
4. Tira fuori il tetto interno.

5. Remove the front panel from the middle.
5. Entfernen Sie das vordere Panel aus der Mitte.
5. Rimuovi il pannello anteriore dal centro.

6. Use a brush and water to clean the feeder.
6. Verwenden Sie eine Bürste und Wasser, um den Futterautomaten zu reinigen.
6. Usa una spazzola e acqua per pulire il distributore.

Reassembly

1. Align the bottom of the front panel with the grooves, then press the clip at the top to secure it in place.

1. Richten Sie den unteren Teil der Vorderseite mit den Rillen aus und drücken Sie dann den Clip oben, um ihn zu fixieren.

1. Allinea la parte inferiore del pannello frontale con le scanalature, quindi premi il fermaglio in alto per fissarlo in posizione.

2. Fit the inner roof into the grooves.

2. Setzen Sie das innere Dach in die Rillen ein.

2. Inserisci il tetto interno nelle scanalature.

3. Clip the roof into position.
3. Befestigen Sie das Dach, indem Sie es einrasten lassen.
3. Fissa il tetto in posizione con il fermaglio.

4. Clip the seed guard onto the feeder.
4. Befestigen Sie den Samenschutz am Futterautomaten.
4. Fissa il proteggi-semi al distributore.

- 5. Reinstall the cameras.
- 5. Installieren Sie die Kameras erneut.
- 5. Reinstalla le telecamere.

Warning

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications made without explicit approval from the responsible party in compliance may result in the user

being unauthorized to operate the device.

This device meets the FCC radiation exposure limits for uncontrolled environments. To ensure safe installation and operation, maintain a minimum distance of 20cm between the radiator and your body.

FCC ID: 2BC96NI-8601 (Birdfy Cam 2)

FCC ID: 2BC96NI-8611 (Birdfy Cam 2 Pro)

CE Statement

The information provided on the packaging is allowed to identify geographical areas within the member states where restrictions on use or requirements for authorized use exist, if applicable. The structure of the product allows it to be used in at least one member state without violating applicable requirements for the use of radio spectrum.

NETVUE INC.

1055 East Colorado Boulevard 5th Floor
Pasadena, CA, 91106

IC Statement

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

1. This device may not cause interference.

2. This device must accept any interference, including interference that may cause undesired operation of the device.

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:

3. L'appareil ne doit pas produire de brouillage;

4. L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

This equipment complies with IC radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter. This equipment should be installed and operated with a minimum distance of 20cm between the radiator and your body.

Cet équipement respecte les limites d'exposition au rayonnement IC établies pour un environnement non contrôlé.

Cet émetteur ne doit pas être localisé ou fonctionner en conjonction avec une autre antenne ou un autre émetteur. Cet équipement doit être installé et utilisé à une distance minimale de 20cm entre le radiateur et votre corps.
