The conditions below describe the prerequisites and scope of our warranty.

If appliances are shipped to and operated in other countries in EU/EFTA or United Kingdom (destination country), the appropriate technical conditions (e.g., voltage, frequency, gas types) are met and the climatic and environmental conditions in the country are suitable and there is no legal restriction (e.g. missing approbation or declaration of conformity), the terms of the warranty of the destination country will apply, provided a local customer service network exists within the destination country which operates at their discretion.

Outside of this geographical area, the warranty will become void apart from the United Kingdom where these terms will continue to apply.

The Customer will need to contact the Bosch Customer Service team in any of the following ways so that we can support a claim under warranty:

- Phone us on 0344 892 7989 for UK customers and 01450 2655 for IE customers.
- Send us an e-mail at COG-CallBooking@bshg.com, or,
- Use our 24-hour online visit booking tool at: www.bosch-home.co.uk/customer-service/repair-service for UK customers and www.bosch-home.ie/customer-service/repair-service for IE customers

Customers can also find Bosch contact details in the “Service contacts” booklet enclosed with the appliance.

We provide warranty cover for an appliance subject to the following conditions:

- The warranty does not affect your statutory rights or the obligations of your retailer and your contract with them.
- We will rectify defects affecting the appliance which are clearly attributable to material and/or manufacturing faults, provided they are reported immediately after being identified, and within 24 months of the date of purchase or 60 months for registered eligible appliances (the “Warranty Period”).
- The warranty will not extend to fragile items such as glass or cosmetic parts or consumable items such as light bulbs.
- No warranty liability will be accepted if cosmetic changes have been made to the appliance. Other claims against the warranty in respect of compensation for consequential or associated loss are excluded, except where such liability is legally mandatory. Warranty liability will not be triggered by minor variances from nominal features which are of no significance to the appliance’s value or fitness for purpose or damage caused by the chemical or electrochemical effects of water and generally by exceptional environmental conditions, inappropriate operating conditions, or the appliance having come into contact with unsuitable materials.
- Likewise, no warranty liability will be accepted if the defects stem from transport damage for which we are not responsible, improper installation and assembly, improper use, to also include where an appliance has been used in a non-domestic environment, poor maintenance, or failure to observe assembly instructions.
- Warranty provision will be free of charge, and we will decide whether this will take the form of a repair or the replacement of the appliance. Please note that replaced parts pass into our ownership.

Access requirements, to ensure prompt and effective service, please note the following:

- Service may not be available to all the islands around the UK and Ireland, we reserve the right to offer approved local partners in outlying areas. Please check with your retailer or contact our Customer Service Department if you need more information.
- Small appliances or coffee machines that can be transported or posted may need to be shipped to our customer service centre.
- It is required that Engineers and Service Partners be given reasonable access when attending to the appliance. All appliances will be repaired on site unless otherwise requested by the attending engineer.
- Please note that the engineer will require access to the property’s location, as well as reasonable access within the home to the machine needing service or repair.
- If your property is in a remote area where service may be limited, we advise you to contact us in advance to discuss how we can best support you in case of a service requirement. This will help us to coordinate timely assistance and avoid any delays.

A purchase receipt must be presented in each case showing the date of purchase and either the delivery or installation date, the latest date elicits the start of the warranty period.

- In the event of a replacement appliance being supplied, we reserve the right to charge an appropriate monetary offset in respect of the period of use already enjoyed.
- We are not obliged to provide a replacement which matches the other appliances in the household. The replacement will be from the local product portfolio.
- The warranty period for spare parts fitted ends with the expiry of the warranty on the appliance as a whole.

We reserve the right to invalidate the warranty:

- If repairs are performed by persons not authorised by us to take such action, or if our appliances are fitted with non-original spare parts, extras, or accessories the warranty becomes void.
- Likewise, no warranty liability will be accepted if the defects stem from transport damage for which we are not responsible, improper installation and assembly, improper use, to also include where an appliance has been used in a non-domestic environment, poor maintenance, or failure to observe operating or assembly instructions.
- Other claims against the warranty in respect of compensation for consequential or associated loss are excluded, except where such liability is legally mandatory.

Where appliances have been installed on boats:

- a. If the electricity is supplied from land (i.e., in the case of house boats) then these warranty conditions apply.
- b. If the electricity on the boat is generated by its engine, then these warranty conditions will not apply.

The provision of services under warranty neither extends the term of the warranty nor sets in motion a new warranty period.

- Customers are not entitled to any further claims or claims other than those specified above under this warranty.

- Please note that we reserve the right to void the warranty terms, in the event of physical or verbal abuse towards any member of staff.
- We also offer to repair appliances, which fall outside the warranty period on a chargeable basis, this consists of labour call out and charge(s) for spare parts where we deem that appropriate repair can be effected.
- We reserve the right to charge for repair work conducted and any spare parts supplied within the Warranty period, which are not covered by the Warranty terms. The warranty period for spare parts fitted ends with the expiry of the warranty on the appliance as a whole.

Alternative dispute resolution

Alternative dispute resolution is a process where an independent body considers the facts of a dispute and seeks to resolve it, without you having to go to court. If you are not happy with how we have handled any complaint, you may want to contact the alternative dispute resolution provider we use. You can submit a complaint to ADR Group via their website at www.adrgroup.co.uk/. In addition, please note that disputes may be submitted for online resolution to the European Commission Online Dispute Resolution platform.

Any dispute or claim arising out of or in connection with this contract, its subject matter or formation (including non-contractual disputes or claims) will be governed by English law. Any dispute or claim arising out of or in connection with such Contracts or their formation (including non-contractual disputes or claims) will be subject to the non-exclusive jurisdiction of the courts of England and Wales.

We may vary these terms and conditions from time to time provided that such changes do not materially affect the nature and quality of the warranty provided hereunder.
