Assembly Instructions

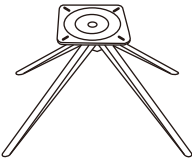

Dear Customer

- **IMPORTANT** - The first step please take the time to read through these instructions before your commence assembly.

Safety advice

- To prevent damage, do not push or pull upholstered furniture when moving it. Always lift the chair instead of dragging it to avoid scratching the painted surface.
- Avoid prolonged exposure to direct sunlight, as this may cause the fabric to fade and the fibers to deteriorate over time.
- Ensure that all four legs of the dining chair are firmly and evenly placed on the floor. Uneven contact or wobbling may result in structural damage or paint issues due to uneven stress.
- Inspect the chair’s joints (such as screws and nuts) every three months. If any parts are loose, tighten them promptly.
- Do not use strong acids, strong alkalis, alcohol, gasoline, thinners, or other organic solvents for cleaning. These substances can severely damage the coating and the internal structure of the PU leather, leading to hardening, fading, or cracking.
- For routine cleaning, gently wipe the surface with a soft, damp cloth and a diluted mild soap solution (such as diluted dishwashing liquid). After cleaning, dry the surface thoroughly with a clean, dry cloth.

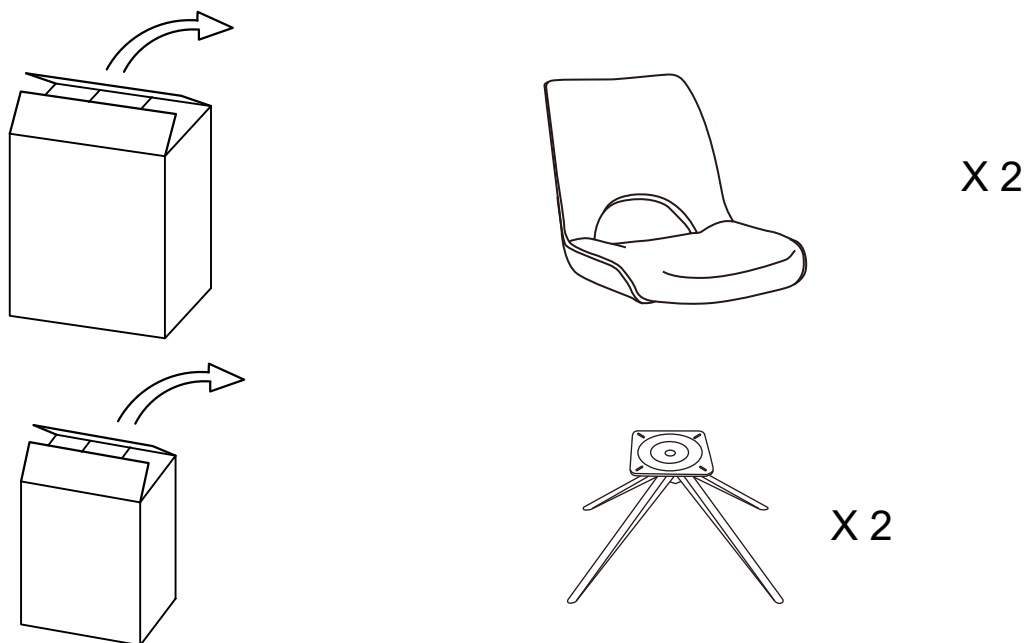

Parts And Fittings

Ref	Dimensions	Visual	Qty
1	500 x 620 x 595 MM		1
2	490 x 490 x 385 MM		1

Ref	Dimensions	Visual	Qty
A	M6 x 25		2
B	M6 x 16		2
C	Ø17.5 × Ø6.5 × 1.3		4
D	M4		1

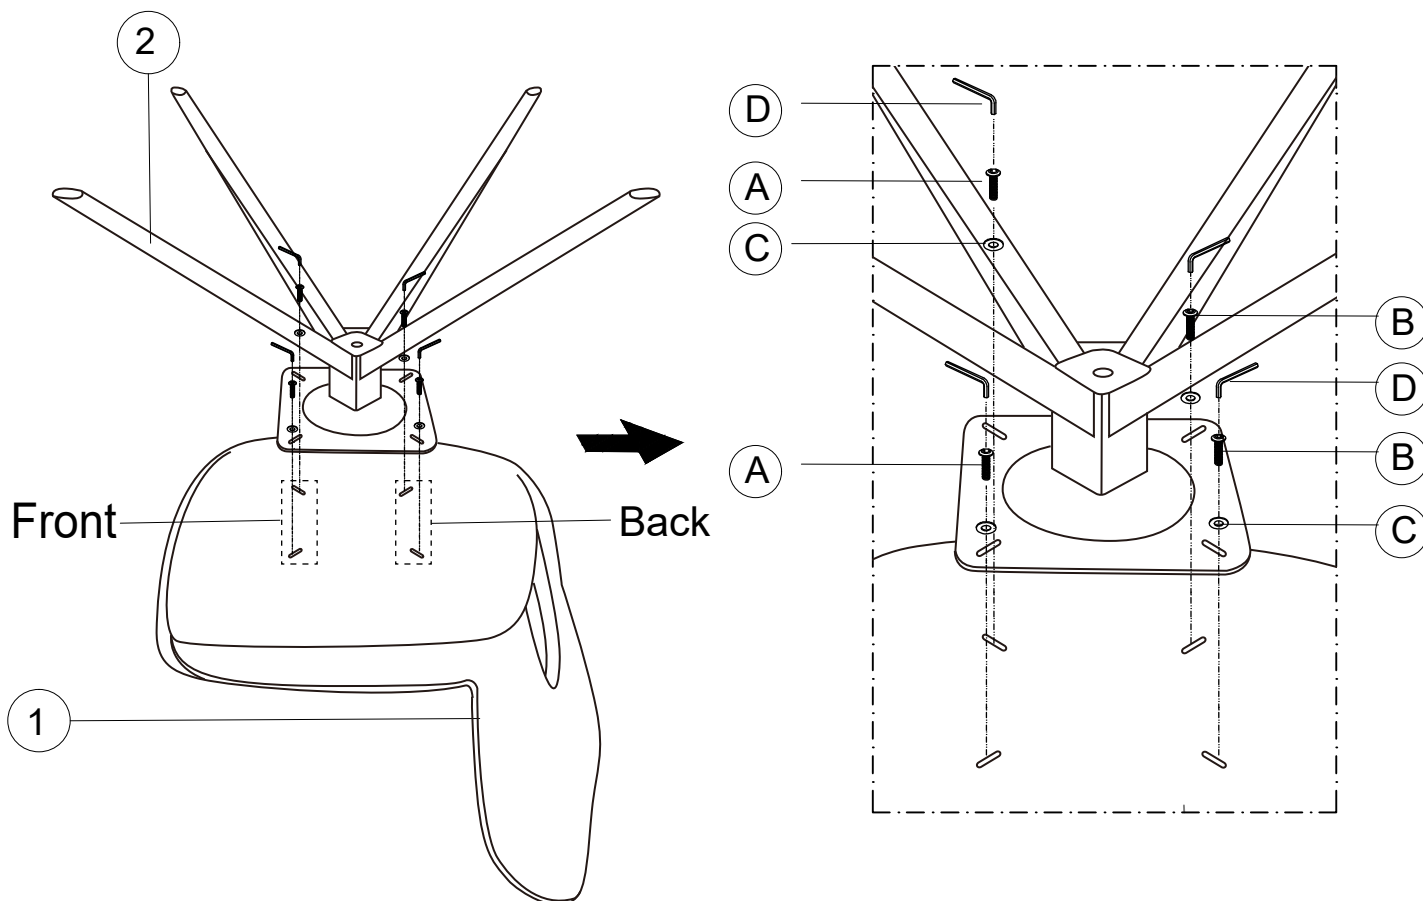

Step1

tighten the screws(part B)+washer(part C) with wrench(part D) on the front and
screws(part A)+washer(part C) with wrench(part D) on the back .

Finish

Care advise

Regular care advice “do”

Congratulations on owning this beautiful chair.

To keep it looking its best, simply wipe the surface with a damp cloth or sponge if the seat appears a little messy. For more thorough cleaning, use a mild, diluted detergent (please ensure it is properly diluted).

Care is that simple. Enjoy your chair!

Regular care advice “don’t”

“You mean I don’t need to scrub it down or polish it every day?”

That’s correct. This bench is designed to be highly durable, making it resistant to everyday scratches and stains. Routine gentle cleaning is all that’s needed to maintain its appearance.

Please note: this item is intended for indoor use only and should not be exposed to outdoor conditions.

Other care advice

Occasionally, maybe once every 3 months (depending on use) the bolts on the bench could do with a quick tighten.

Finally, we hope you enjoy your furniture for many years to come and thanks again for your purchase.
