OVERVIEW

Light up your brand and keep it cool: The Contender 783L Commercial Double Glass Door Fridge with Hinged Doors

Showcase your drinks and elevate your brand with the Contender 783L Double Glass Door Fridge – a perfect mix of performance, reliability, and style for busy bars, cafés, and restaurants. With a 783L capacity and illuminated canopy, it presents your products beautifully while keeping them cool and fresh.

The fan-assisted cooling system ensures consistent temperatures between 0°C and 10°C, and the adjustable controller gives you complete control. Lockable, self-closing, double-glazed doors with heavy-duty hinges offer durability and security, while four adjustable shelves and a base shelf provide flexible display options. Stylish, dependable, and built to perform, the Contender 783L keeps your beverages perfectly chilled and your brand looking its best.
