OVERVIEW

The **Contender 1200L Double Door Stainless Steel Catering Freezer** is built to deliver reliable, high-performance cooling day after day in busy professional kitchens. Manufactured to exacting standards, it offers durability, style, and exceptional value for money.

Made from a premium stainless steel interior and exterior, this freezer guarantees strength, hygiene and long-term durability. It comes complete with lockable doors and castors with front brakes for easy positioning and cleaning. The top-mounted compressor ensures hassle-free maintenance and consistent performance, even in ambient temperatures up to +32°C.

Its powerful ventilated cooling system is specifically designed for demanding commercial catering environments, providing superior temperature control compared to static cooling models.
