OVERVIEW

The **Contender 600L Single Door Freezer** is built to deliver reliable, high-performance cooling in demanding catering environments. Ideal for restaurants, cafés, delis, and supermarkets, it combines durability, efficiency, and value in a professional-grade unit.

Constructed from premium stainless steel inside and out, the freezer offers superior strength and hygiene over aluminium-lined alternatives and is equipped with a Carel digital controller and Aspera compressor for precise, reliable temperature control. Designed for commercial use, it features a top-mounted compressor for easy maintenance, a ventilated cooling system for consistent temperatures throughout, fitted castors for easy positioning, and a lockable door for added security.
