OVERVIEW

The **Contender 1200L Double Door Fridge** is built to perform in the busiest catering environments. With its generous capacity and full stainless steel construction inside and out, it's an ideal choice for restaurants, cafés, supermarkets, forecourts, and convenience stores that demand reliable, efficient refrigeration.

Designed for practicality, the fridge features a top-mounted compressor for easy cleaning and maintenance, a ventilated cooling system for consistent performance, and lockable double doors for added security. Heavy-duty castors with front brakes allow for easy positioning and cleaning, while its ability to operate in ambient temperatures up to +32°C ensures dependable performance in real-world commercial settings.

Due to continuous ongoing improvements, the item may differ slightly from the image shown.
