OVERVIEW

The Triple Hinged Door Bottle Cooler is a stylish and high-capacity beverage storage solution designed for busy commercial environments. Featuring a sleek black stainless steel exterior and easy-clean hammered aluminium interior, it combines durability with a professional finish while creating an attractive display for your drinks. With a generous 320L capacity, it offers ample space for a wide range of beverages, while the triple lockable hinged doors provide secure, convenient access for staff.

Fan-assisted cooling ensures even air circulation throughout the cabinet, maintaining consistent temperatures between +2°C and +9°C, with a fully adjustable digital controller for precise control. Energy-efficient LED lighting enhances product visibility, drawing customer attention, while adjustable internal shelves and levelling feet allow flexible organisation and easy installation. Using eco-friendly R600a refrigerant and backed by a one-year parts warranty with lifetime technical support, this bottle cooler delivers reliable performance, efficiency, and standout presentation for any bar, café, or hospitality setting.
