### OVERVIEW

#### Illuminate Your Brand with the Contender 783L Double Glass Door Display Fridge

Make a statement in your bar, café, or restaurant with the Contender 783L Commercial Double Glass Door Fridge. Designed to showcase your beverages in style, this high-capacity display fridge combines striking presentation with reliable cooling performance.

The illuminated canopy brings your branding and products into the spotlight, drawing customer attention and creating an eye-catching focal point. Inside, fan-assisted direct cooling ensures even temperatures throughout, keeping drinks perfectly chilled between 0°C and 10°C with an adjustable controller for complete control.

Built for busy commercial environments, the lockable self-closing double-glazed doors provide security and durability, while heavy-duty hinges and anti-tip counterbalancing support smooth daily operation. With four adjustable shelves plus a base shelf, you can customise your layout to suit bottles, cans, and promotional displays.
